Who Are The Cruisers

Cruisers Sports for the Physically Disabled is a non-profit volunteer organization that was first formed in September 1986. It is dedicated to enhancing the quality of life for children and young adults with physical disabilities in the Halton/Peel area by providing sports, recreation activities and other life enhancing skills.

Cruisers Sports is a non-profit volunteer organization that provides the specialized equipment, opportunities and training needed for the athletes to participate. We do not want a financial burden to be the reason a child or young adult may be left out of the fun, the socialization, the excitement of the group and individual sports, the developing of the concept of teamwork or learning to become motivated and independent.

The programs we currently provide are Sledge Hockey, Track and Field, and Boccia.

Our Sledge Hockey program gives the opportunity for disabled athletes in our community a chance each week to leave wheelchairs and crutches behind and play an adapted form of Canada's National Sport.

During our summer months our programs are Track and Field, and Boccia. This gives our athletes a chance to compete in Regional, Provincial, National and International competitions.
